Name _____ Date _____

TEKS 3.7E

Tip: Weight = how heavy. Liquid volume = how much liquid it holds.

Circle **weight** or **liquid** for each one.

a bag of apples	**weight**	**liquid**
a glass of juice	**weight**	**liquid**
a dog	**weight**	**liquid**
a jug of milk	**weight**	**liquid**
a backpack	**weight**	**liquid**
water in a pool	**weight**	**liquid**

2. Write 1 more thing you could **weigh**:

_____

3. Write 1 more thing that is a **liquid**:

_____

Name _____ Date _____

TEKS 3.2D

Tip: Line up the numbers. Compare from the left.

1. Order from **greatest** to **least**.

2,410
4,422
2,130
5,080

_____ > _____ > _____ > _____

greatest least

2. Order from **least** to **greatest**.

9,120
3,908
6,666
6,660

_____ < _____ < _____ < _____

least greatest

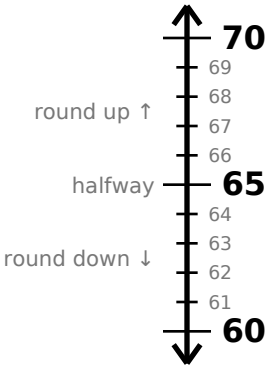

Name _____ Date _____

TEKS 3.4B

Tip: Put a dot on the line. Below halfway: round down. Halfway or above: round up.

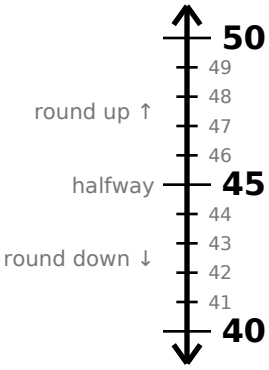

1. Round each length to the nearest **10 cm**.

a. Desk length 66

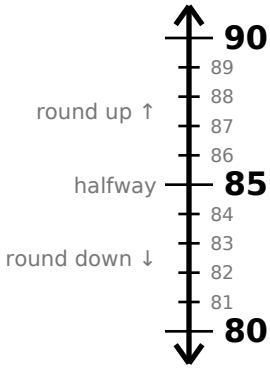

66 ≈ _____ cm

b. Desk width 48

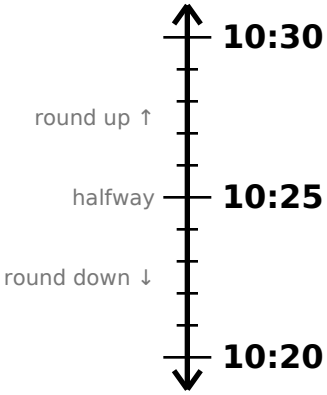

48 ≈ _____ cm

c. Door width 81

81 ≈ _____ cm

2. Gym class ends at **10:27**. Round to the nearest **10 minutes**.

Gym ends at about _____ a.m.

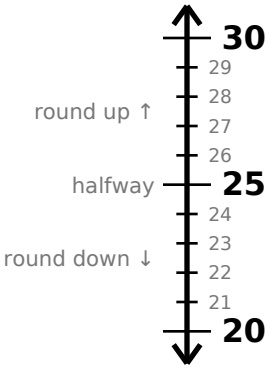

Name _____ Date _____

TEKS 3.4B

Tip: Put a dot on the line. Below halfway: round down. Halfway or above: round up.

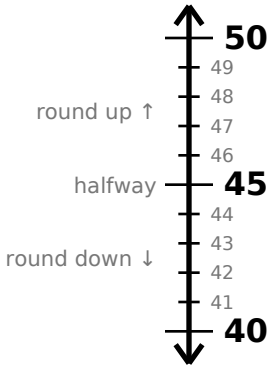

Round each to the nearest **10**.

3. Water: 23

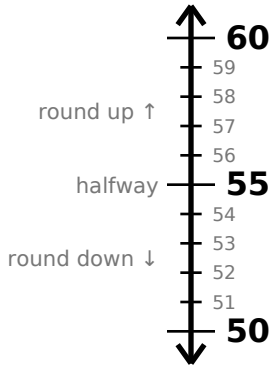

23 ≈ _____ mL

4. Dog: 47

47 ≈ _____ lb

5. Apples: 57

57 ≈ _____ oz

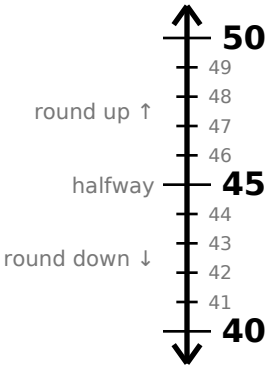

Name _____ Date _____

TEKS 3.4B

Tip: Put a dot on the line. Below halfway: round down. Halfway or above: round up.

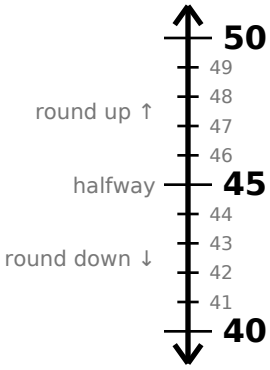

1. Round to the nearest **ten**.

a. 43

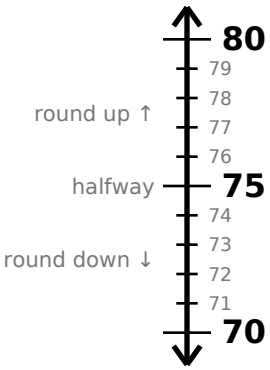

43 ≈ _____

b. 48

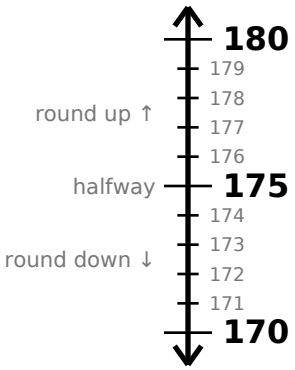

48 ≈ _____

c. 73

73 ≈ _____

d. 173

173 ≈ _____

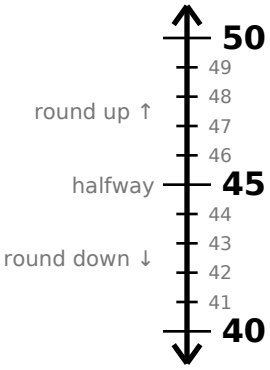

Name _____ Date _____

TEKS 3.4B, 3.4A

Tip: Put a dot on the line. Below halfway: round down. Halfway or above: round up.

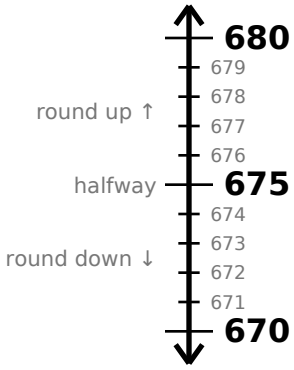

2. Round each weight to the nearest **10 ounces**.

a. Oranges 45

45 ≈ _____ oz

b. Apples 672

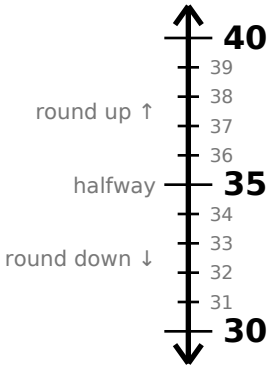

672 ≈ _____ oz

3. One water bottle holds **17** fluid ounces. How much do **2** bottles hold?

17 + 17 = _____ fluid ounces

Now round your answer to the nearest 10:

_____ ≈ _____ fluid ounces

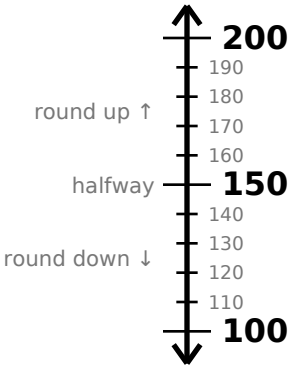

Name _____ Date _____

TEKS 3.4B

Tip: Put a dot on the line. Below halfway: round down. Halfway or above: round up.

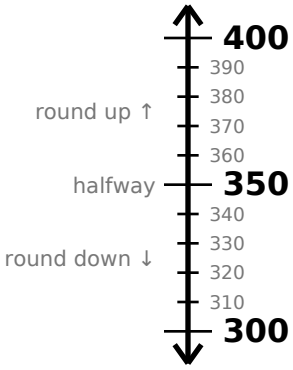

1. Round to the nearest **hundred**.

a. 156

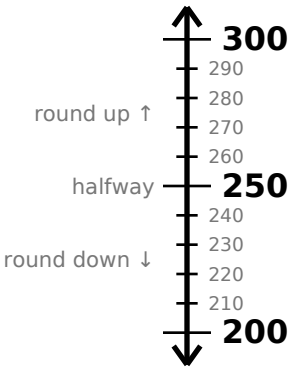

156 ≈ _____

b. 342

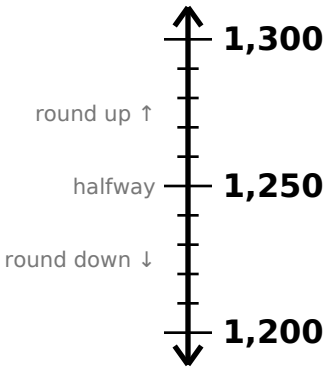

342 ≈ _____

c. 260

260 ≈ _____

d. 1,260

1,260 ≈ _____

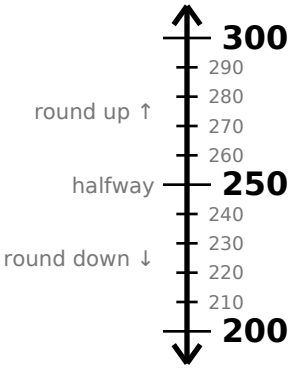

Name _____ Date _____

TEKS 3.4B

Tip: Put a dot on the line. Below halfway: round down. Halfway or above: round up.

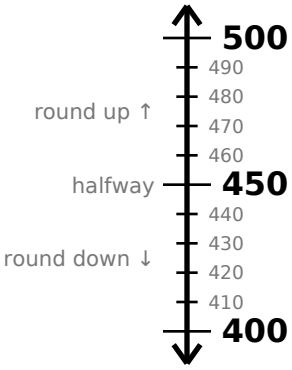

2. Round each to the nearest **hundred**.

a. Cards 217

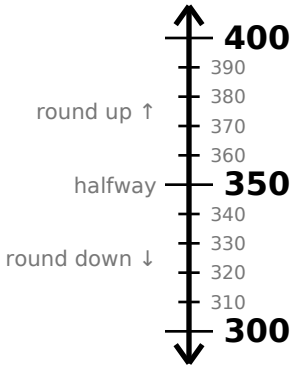

217 ≈ _____

b. People 462

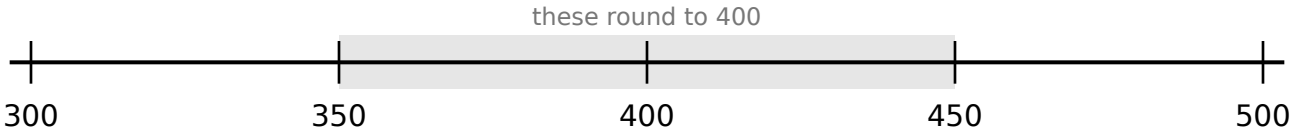

462 ≈ _____

c. Juice 386

386 ≈ _____ mL

3. Circle the numbers that round to **400**.

368 342 420 492 449 464

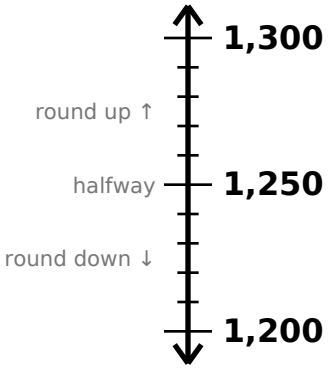

Name _____ Date _____

TEKS 3.4B

Tip: Nearest ten: look at the ones. Nearest hundred: look at the tens.

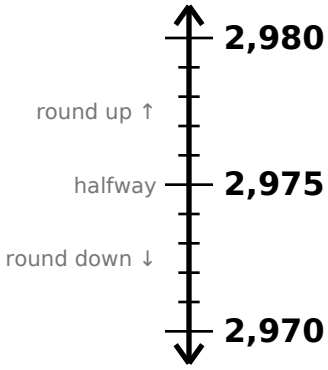

1. Round to the place in **bold**.

a. hundred: 1,242

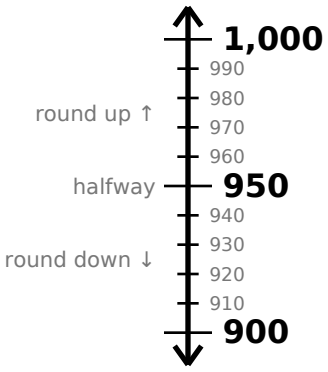

1,242 ≈ _____

b. ten: 2,976

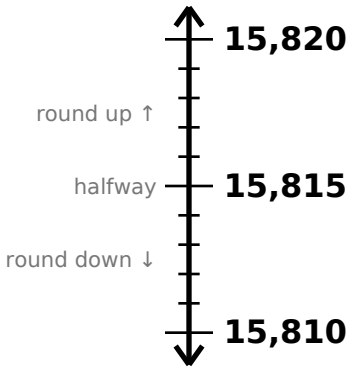

2,976 ≈ _____

c. hundred: 923

923 ≈ _____

d. ten: 15,819

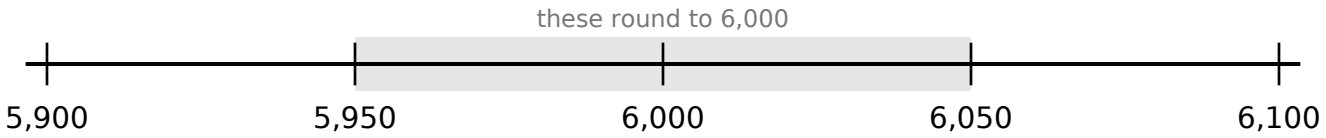

15,819 ≈ _____

Name _____ Date _____

TEKS 3.4B, 3.2D

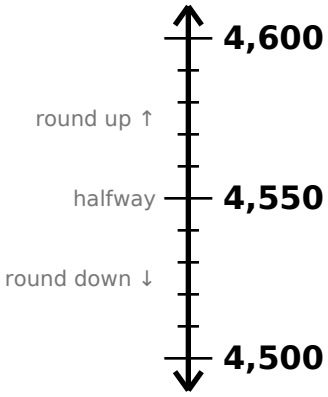

Tip: Put a dot on the line. Below halfway: round down. Halfway or above: round up.

2. Circle the number that rounds to **6,000** (nearest hundred).

5,499 **6,729** **6,192** **5,932** **6,004**

3. Saturday: **4,519** fans. Sunday: **4,572** fans.
Which day had about **4,600** fans?

4,519 ≈ _____

4,572 ≈ _____

Circle: **Saturday** **Sunday**

4. Round **4,358** two ways.

Nearest hundred: _____ **Nearest ten:** _____
